(b) In the 30 Over game, each bowler is limited to 1/5 of the total overs, e.g., 30 = 6.

(c) In the event, the team batting first is all out in less than its full quota of overs, calculation of their run-rate shall be based on the full quota of overs to which they would have been entitled, and not on the number of overs in which they were dismissed.

(d) In order to ensure a result, each team must have received a minimum of 10 overs for a 30 Over game unless the team has been dismissed in less than the minimum number of overs.

(e) Where total runs are equal at the completion of each innings to both teams, the match shall be recorded as a **tie**. In the PLAYOFF, a **tie game** will be decided by a **Super Over** to advance the

winning team of the **tie game**. LAW 16.5.1.

(f) Winning team receives ten (10) points. For an abandoned game each team receives five (5) points. For a **tie game**, points are shared equally. In the case of a default the non-defaulting team gets ten (10) points and the defaulting team will receive 0 points and penalized five (5) demerit points.

(g) Teams are expected to take the field, (batting/bowling) at the schedule starting time. There is no grace period allowed for non-compliance. If any team does not take the field in fifteen (15) minutes after the scheduled starting time it will automatically default the game and will be responsible for the full payment of the Umpire/s assigned.

However, the team not in default through its Captain, may overrule the automatic default rule and allow the game to start. However, once the game has started the decision cannot be reversed and all rules applied will be enforced. The Captains shall consult with the Umpires and calculate the innings timings, overs per side, power plays and breaks.

(h) If a team has seven (7) or more players present within the playing area and are in team uniforms 15 minutes prior to the schedule start of a game, and the opposing team has less than seven players in team uniforms, the team with 7 or more players ready to play automatically claims the toss.

The Captain who claims the toss must then immediately inform the Umpire/s and the opposing Captain of their decision to bat or bowl first.

(i) If both teams do not have 7 players in full team uniform by 15 minutes before the scheduled start of the game, the toss must be spun.

(j) At the fall of a wicket, the incoming batter has a maximum of 2.5 minutes for the 30 Over match, to be ready to face the next delivery (or to allow the not out batter to face the next delivery). On appeal from the fielding side beyond the 2.5 minutes will be answered as "Timed out" by the officiating Umpire(s).

30. PENALTIES/SLOW OVER RATE/TIME WASTING.

Any fielding team not completing their overs in the allotted time will be subjected to a penalty. The penalty shall be the average run rate of the batting team multiplied or 12 runs per over, whichever is higher, times the number of overs not bowled. For example, if the fielding team bowls 15 of the allotted 20 overs, calculation to be used as follows:

If Team "A" bats first and scores 100 runs off 15 overs, Team "A" final score will be $(5 \times 12) = 60 + 100 = 160$ runs.

Team "B" will have to score $160 + 1$ in 15 overs in the rescheduled time. If Team "A" only bowls 14 overs in the rescheduled time, Team "A" will be penalized accordingly. Example: if Team B's score is 130 in 14 overs, add 12 runs for the one over not bowled. Their final score is $130 + 12 = 142$. Team A wins by 18 runs.

Umpires should make notes of deliberate time wasting by either team, batting/bowling, and the awarding of 5 penalty runs for infractions after First and Final warning.

31. SCORERS.

Scorers shall sit in close proximity to each other. The team bowling shall have their scorer sit next to the team batting. If at any time during the game, the Umpire(s) are not satisfied with the position of the Scorers, then they shall have the right to direct the Scorers as to where they shall sit. In addition, captains are also reminded that Law 4 States: Where they are Scorers they shall frequently check to ensure that the score sheet agree. (Preferably at the end of every over).

32. INJURIES/SUBSTITUTES.

(a) No Runner will be allowed for an injured batter during the game. A Substitute Fielder is only allowed for a player injured in the game. A player who has played in another SCA sanctioned game that day and declared on that match sheet cannot act as a substitute for his or her team in another match. Any substitute player must be fully attired in the team uniform and be a member of the club.

(b) Any batter injured during play, the Umpire(s) shall render their decision to declare a batter retired hurt. The Umpire(s) will also note if it is an injury that is sustained in the game. The Captain of the batting team shall inform the Umpire/s if a batter is retired out.

33. DELIBERATE LATE START BY A TEAM.

(a) In the event of a late start that has been caused by a Team, the Team will be penalized as follows. Bowling first, they will have to complete their quota of 30 overs. The break will be taken at completion of the quota of 30 overs.

The Umpire will record the number of overs played at the original cutoff time, and the Team will receive only the number of overs bowled at the original cutoff time.

(b) If the Team bats first, they will face a maximum over calculated as follows. For every 4.15 minutes the Team will lose an over from the allotted 30 overs.

For example, If the game starts 25 minutes late, the Team will bat for a maximum of 24 overs but will have to bowl their full 30 overs to the Team not at fault for the late start.

(c) If the Team not at fault decides to bowl first, they will only bowl the number of overs minus lost time and the innings will be terminated at the cut-off time. For example, for every 4.15 minutes lost, 1 over is discounted.

34. SUSPENSION OF LEAGUE GAMES, GROUND, WEATHER AND LIGHT (GWL).

(a) Scheduled matches may be canceled due to GWL conditions making play impossible by league

Executives.

(b) If the Umpire(s) are satisfied that the ground conditions are not fit for play, a Rainout game takes effect and the points are shared.

(c) Washout Game. This is when the game is canceled by the Executive Board.

Note: when the rain is falling from early morning, the SCA requests that all players must be at the ground before the game is called off (unless advised by the Executive Board). Call off time is designated as 3 pm, not before.

35. INTERVENTIONS/ INTERRUPTIONS.

(a) Duckworth-Lewis (D/L) method for calculating target totals in games affected by interruptions is in effect for all SCA games. The Umpire(s) will only resort to calling off the game if and only if the required number of overs cannot be completed and/or the conditions are not reasonable enough for play to continue or even after waiting, the chances of the conditions improving to allow the game to resume are minimal, the Umpire(s) may decide to call the game off earlier without waiting further.

Note: when the rain is falling from early morning, the SCA requests that all players must be at the ground before the game is called off (unless advised by the Executive Board). Call off time will be decided by the Umpires when the minimum overs cannot be met.

36. TIME RESTRICTIONS.

(a) In uninterrupted matches, each innings should end at, or before, the scheduled or re-scheduled time and the over in progress at this time shall be completed. Each team shall bat for their allotted overs unless all out earlier.

A team shall not be permitted to declare its innings closed.

(b) In a normal situation, sides are expected to be in position to bowl the first ball of the last of their overs within the allotted playing time.

In the event of them failing to do so the batting side will be credited with twelve (12) runs or the batting average, whichever is higher, for every whole over that has not been bowled by the scheduled or re-scheduled time.

This will apply to both innings of the match.

If the side batting second is credited with runs in this way and this consequently takes their score past that of the side batting first, then the match shall be deemed to be won by the side batting second.

(c) The umpire shall inform the fielding captain when taking the field for the first time and on

every subsequent occasion/s if play is interrupted at the scheduled time for that innings.

(d) If the team batting first is dismissed in less than Thirty overs, the team batting second shall be entitled to bat for Thirty overs.

37. DELAYED START BECAUSE OF GROUND, WEATHER AND LIGHT (GWL).

In a match where the start is delayed and the innings of both sides is restricted from the start to the scheduled overs, no bowler may bowl more than one-fifth (1/5) of the total overs allowed except where that total is not divisible by five an additional over per bowler shall then be allowed in order that the remainder of overs may be bowled.

For example, in a reduced match of 23 overs, the bowling is allocated as follows: $23/5 = 4 (+ 3 \text{ remainder})$.

The remaining 3 overs are allocated one each per bowler - 3 bowlers may each bowl a maximum of 5 (4+1) overs whilst no other bowler may bowl more than 6 overs. Once the number of overs have been determined and the match has started, the allowance can only be reduced further due to ground weather and light (GWL).

In the event of a bowler being unable to complete an over for any reason, another bowler shall bowl the remaining balls. Such part of an over shall count as a full over in so far as each bowler's limit is concerned.

38. DELAY BY WEATHER OCCURRING BEFORE START OF GAME OR DURING INNINGS OF TEAM BATTING FIRST.

In a match where because of weather and light, play is suspended during the innings of the team batting first, the minimum number of overs to be bowled to the team batting first to constitute a game: $30=10$, overs, unless that team is all out in less than 10 overs.

The number of overs loss shall be calculated as follows: For example, in a case where 10 overs has been lost at the start of the game the maximum number of overs to be bowled by each team shall be: $10 \text{ overs} \div 2 = 5 \text{ overs loss per team}$.

The match is now reduced to 5 overs less for each team. (25 overs for each team.) This number of overs may be further reduced as a result of further stoppages. Duckworth Lewis (DL) Method will be used to set the Target Score for the team batting second.

39. DELAY BY WEATHER OCCURRING DURING INNINGS OF TEAM BATTING SECOND.

In the event of the allotted overs being less than $30=10$ overs, the team batting second can still win the match if it scores more runs than the team which batted first regardless of the number of overs they receive using the DL Target Score.

40. PRIOR TO START.

(a) Both Captains are responsible for the verification of the opposing team names and IDs prior to the start. This includes any match started but abandoned as NO RESULT due to GWL conditions.

(b) **CONTRIVING RESULT OF GAME:** Any team that is a party to contriving or attempting to contrive the result of a match can be subjected to a fine of \$100.00 and/or suspension as determined by the Disciplinary Committee.

41. TOSS.

(a) The **toss** will take place as early as 30 minutes but no later than 15 minutes before the scheduled start of play unless conditions (as deemed by the Umpires) delay the **toss**. The Captain winning the **toss** has to inform the other Captain of his decision immediately to bat or field.

(b) **Tossing without Umpires:** There will be no claiming of **toss**, it must be spun and the signed match sheets must be exchanged between the Captains.

The teams are to provide two Umpires and start the game. Once Play is called, no dispute on the verification of a player/s will be accommodated so as to affect the results of the game.

(c) Before the **toss** takes place, the following conditions must be met:

1. Each team is responsible for filling their own signed match sheet and presenting it to the Umpires. Any delay in filling the match sheet as required by the Umpires is directly attributed to the offending team since the responsibility of filling their own match sheet is entirely on the individual team.

Failure to provide a completed signed match sheet will result in the **loss of the toss**.

2. The ground must be made ready by the home team for play with boundaries, 30-yards marked, stumps properly placed, crease markings completed including wide-lines etc. appropriately set-up.

Failure to have the ground ready will result in the **loss of the toss**.

3. Both teams must have minimum seven (7) players dressed in the team colors who are declared on the match-sheet (presented to the Umpire(s) before the **toss**) present at the ground for the **toss** to take place.

Any team that does not have the required 7 players in team uniform at the ground will automatically **lose the toss**.

42. PLAYER ARRIVING LATE AT COMPLETION OF FIRST INNINGS.

In matches where a player does not arrive at the ground by the end of the innings of the team batting or bowling first, then the official Umpire, or in his absence the team Captain, shall strike out his/her name from the sheet and the word "ABSENT" shall be printed in the corresponding location. Both the Captains and the Umpire(s) must initial any changes on match sheet. The match will not count as a game towards the playoff qualification for the player.

The said player can act as a substitute (only for injured player) which means he cannot bat or bowl, but can act as a wicketkeeper with the consent of the umpire(s) (Law 24.1).

43. PLAYER ARRIVING LATE DURING INNINGS IN PROGRESS.

Law 24.2 The missing player(s)'s absence time starts from the call of "PLAY" by the Umpires. The batting side is to inform the Umpires as soon as practical about the arrival of the player (the player must be in the club colors and ready to take the field to be noted as present). Umpires and Captains will visually verify the player and ensure he is the same as the one nominated on the match sheet and online submission. This player should be approved at the earliest opportunity by the opposite Captain.

Umpire will note the time of absence and the player can bat/bowl only after the amount of time he/she was absent has passed. In case more than half the scheduled playing time for that inning has passed he/she can bat only after 5 wickets have fallen or bowl after penalty time has passed.

44. POWER PLAYS.

Restrictions on the placement of fielders:

1. At the instant of delivery, there may not be more than 5 fielders on the leg side.
2. In addition to the restriction contained in clause 1 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply (hereinafter referred to as the Power play Overs) are set out in the following paragraphs.
3. The following fielding restrictions shall apply: two semi-circles shall be drawn on the field of play. The semi-circles shall have as their center the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 meters). The semi-circles shall be linked by two parallel straight lines drawn on the field. The fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5-yard (4.57 meters) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

Power Play 1: During the first block of Power Play Overs (as set out below), **NO More than two (2)** fielders shall be permitted outside this fielding restriction area. In an innings of 30 overs, these are overs 1 to 8 inclusive.

Power Play 2: **No more than five (5)** fielders shall be permitted outside this fielding restriction area. In an innings of 30 overs, these are overs 9 to 30 inclusive.

Note: When a team is fielding short, the inner circle takes precedence over the outer circle.

45. PLAYOFFS AND QUALIFICATION OF PLAYERS.

(a) The Playoff Roster will be validated by the Executive Board and posted on the SCA website.

(b) The Executive Board will set the qualification criteria for all divisions and competitions.

The following are the qualification criteria for all Playoff Games:

1. For a 14 games season (All Divisions) – 5 games
2. For a 12 games season (All Divisions) – 4 games
3. For Juniors (All Divisions) – 2 games

(c) Nominated Substitutes on the Match Sheet must meet the criteria to participate during the playoffs of his/her team.

(d) There will be no changes to the Playoff schedule once it's been published on the SCA website.

(e) No Player can represent more than one (1) Team in the Playoffs. Exception: A club that have 2 Teams, (one) 1 Divisional and (one) 1 T20/T30, if the qualification criteria are met in both Teams, the player can participate in both playoffs.

46. GAME RESULTS/POINTS SYSTEM.

(a) Winning team receives ten (10) points. In the case of a default, the team in default loses five (5) points whilst the other team receives ten (10) points. Abandoned or Rain-out game, points are shared (5) points each.

(b) If two teams end up with a tie in points at the end of the regular season, Net Run Rate will determine the winning team on a head to head basis.

47. CLUB MERGERS AND SALE.

All Team mergers, buy/sell will be subjected to an administration fee as outlined by the Executive Board.

Teams must be a member of the league for at least 3 years in order to apply for a merger or sale. The fee will be \$300. for a merger and \$300. (buy or sell). The fees must be paid in full before approval.

48. FREE HIT AFTER ALL NO BALLS; FAST SHORT-PITCHED BALLS (LAW 41.6).

(a) All no balls ruling constitute a free hit. If the delivery for the free hit is not a legitimate delivery

(any kind of no ball or wide ball) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called a wide ball.

Field changes are not permitted for free hit deliveries unless there is a change of striker (the provisions of clause 41.2 shall apply).

The Umpires will signal a free hit by (after the normal no ball signal) extending one arm upward and moving it in a circular motion.

49. BOUNCER.

A bowler will be allowed only one bouncer per over.

A bouncer is considered a delivery which passes over the shoulder height of the batter while standing upright at the crease (not in the crouching batting stance).

A bouncer after pitching passes over the batter's head while standing upright and not giving the batter a chance to hit the ball by means of a normal cricket stroke, will be called a Wide Ball and counted as one of the bouncers.

The second such delivery will be called a "No-ball" (with a free hit) by the umpires and the bowler will be issued a First and Final warning. (Law 41.6.3).

50. HANGING OVERHEAD HYDRO WIRES.

Wherever SCA grounds have hanging overhead Hydro wires, the following rules shall apply:

(a) When a batter hits the ball and comes into contact with the hanging overhead wires, the ball automatically becomes dead. Runs are disallowed, batters return to their original ends, and the ball does not count as one for the over.

(b) When a fielder fields the ball and his/her return on the throw comes into contact with the hanging overhead wires, only runs that have been made prior to the ball hitting the wires shall be scored, including the one in progress if the batters have already crossed. The ball then becomes dead.

51. The BOWLING OF WIDES.

For the judging of a wide, Law 22 shall apply with the following additions:

(a) Any offside delivery, which, in the opinion of the Umpire, does not give the batter a reasonable opportunity to score, shall be called a wide.

As a guide, any ball pitching and going down the leg side without first making contact with the batter's bat, person, or equipment shall be called and signaled a wide.

(b) A bowler is permitted to deliver no more than one leg side delivery per over where the batter does not make contact, and the ball then passes down the leg side behind the body of the batter. When the bowler delivers a ball fitting this description the Umpires/s will raise one finger to the bowler and let him know he has reached the maximum number of leg side deliveries of that over. The batter on strike shall also be informed of this.

(c) If a second or subsequent such delivery occurs in the over those deliveries shall be called a wide.

(d) If a ball is delivered so far down the leg side that it would be deemed a wide under the laws of cricket, then wide shall be called and it will NOT count as the one allowable leg side wide as per (b) and (c) above.

(e) A penalty of one (1) run for a Wide shall be scored in addition to any other runs scored or awarded. All runs, which are run or result from a wide ball, which is not a no ball, shall be scored as wide balls.

52. RUNNING OUT THE NON-STRIKER (LAW 38.3).

If the non-striker is out of his/her ground at any time from the moment the ball comes into play until the instant when the bowler would normally have been expected to release the ball, the non-striker is liable to be run out.

53. BATTER OUT CAUGHT (LAW 18.12.1).

When a batter is out caught, the new batter will come in at the end the striker was, regardless of whether the batters crossed prior to the catch being taken.

(b) Once the time for the start of play has been decided, the 20 minutes lunch interval shall be taken between innings. In the interest of time, lunch may be shortened to a minimum of 10 minutes.

(c) When play has commenced at the scheduled starting time, and play is then subsequently interrupted by bad weather, the D/L method using manual G180 calculations will be in effect for 30 over games.

56. TIED GAME.

During the regular season where scores are equal, wickets lost are equal and overs are equal, the result will be a tied game and points split.

57. SUPER OVER ELIMINATOR.

The following procedure will apply should the provision for a one over per side eliminator (OOPSE) be adopted in the playoff.

1. The one over per side eliminator will take place on the pitch allocated for the match (the designated pitch).
2. The Umpires shall stand at the same end as that in which they finished the match.
3. In both innings of the one over per side eliminator, the fielding side shall choose from which end to bowl.
4. Only nominated players in the main match may participate in the one over per side eliminator. Should any player (including the batsmen and bowler) be unable to continue to participate in the one over per side eliminator due to injury, illness or other wholly acceptable reasons, the relevant Laws and Playing Conditions as they apply in the main match shall also apply in the one over per side eliminator.
5. Each team's over is played with the same fielding restrictions as apply to the last over in all competitions.

6. The team batting second in the match will bat first in the one over eliminator.
7. The loss of two wickets in the over ends the team's one over innings.
8. To declare a winner after the one over per side eliminator has been completed:
 - a) The team with the most runs wins the match. (If runs and wickets are equal then use b).
 - b) The team that hit the most boundaries (4's + 6's combined) wins the match.
9. If the score is still equal a second one over eliminator continues with the same criteria as outlined above until a winner is declared.
